## Christmas Message

The Christmas greeting is a difficult thing, for it has been said well in a thousand different ways and yet still falls on deaf ears. The more important thing is not what is said, but how well it is heard, if it is heard at all. Will you really hear the Christmas greeting this year? Will the repetition of the Christmas story be a repetition and nothing more? Lost somewhere in all the noise and the thousands of bright red Santa Clauses and the meaningless tinsled decorations is the wonder of the child's Christmas. Can we recapture it? Yes, if we take time to really listen to the Christmas story.
