American Forces Vietnam Metwork, Det#3

APO 96278, Republic Of Vietnam

- 1. On behalf of Detachment #3, American Forces Vietnam Network, I wish to commend you for a superior and outstanding performance of duty within this radio and television detachment and for the superior manner in which you are handling your duties as a television engineer.
- 2. Since your arrival, your in depth knowledge of electronics, the associated television medium, your experience, general background, and initiative has enabled this detachment to put forth a superior product over the broadcast airwaves throughout the Central Highlands, Republic of Vietnam.
- 3. You have displayed meritorious willingness to perform duties far in excess of your normal functional and military duties. You have served in a superior manner in all your assignments, and have proved to be an important member of the Dragon Mountain Defense Team. During hostile enemy attacks you have always maintained a high standard of military preparaness which served as a guide to your fellow soldiers.
- 4. Your tact, professional knowledge and sound judgment, combined with your ability to work without supervision and your willingness to work far beyond normal working hours, has been commendable and you have contributed significantly to the successful accomplishment of the mission.
- 5. In all of the areas mentioned above, to include carrying out your diverse military duties in a combat enviormment in a highly competent manner, your conduct reflects great credit upon yourself, the detachment and the United States Army.

- 6. It is my pleasure to add personal best wishes for continued success in your career and a job well done.
- 7. A copy of this correspondence will be forwarded to be placed in your personal 201 file.
